I-tec SmartWindow

BUILDING TECHNOLOGY SIMPLE & INTELLIGENT CONTROL

FAST & SIMPLE INSTALLATION OF THE I-TEC SMARTWINDOW

- FREE OF CHARGE** Download the I-tec SmartWindow app with its installation instructions free of charge in the App Store or Google Play.
- UNCOMPLICATED** Assemble the Gateway according to the instructions and connect it to the WLAN router.
- PRACTICAL** Define your rooms without further ado.
- INDIVIDUAL** In a few steps you define the appliances or building elements which should be integrated into the building control.
- EXTENDABLE** You can extend the house control to your preference via a wireless system and additional add-on components obtainable from electro-technical retailers.
- SIMPLE** Next to your predefined settings, you can also control the individual products manually.
- SMART** If you would like to operate more products at the same time, you form so-called groups.
- CONVENIENT** If you would like to create user defined situations (e.g. cinema situation), then you can define so-called scenes.
- RELIABLE** Saving of tasks (e.g. holiday situation) ensures operation of several appliances by means of defined frame conditions such as time of day, day of the week etc.
- ON THE WAY** Building technology can be operated conveniently with the free Internorm app remotely – at home and also when you're on the way.

ROLLER SHUTTERS/BLINDS & AWNINGS

Internorm	I-tec shading	I-tec
HomeMatic	Wireless blind actuator 1 channel for switch adapter	HM-LC-BI1PBU
	Wireless blind actuator 1 channel flush mounted	HM-LC-BI1-FM
Elero	Combio-868 RM/Stak 3/RevoLine	Proline2
	Combio-868 JA/JA Pulse	Proline2
	Combio-868 HE	Proline2
	Revio-868	Proline2

LIGHT & ELECTRO APPLIANCES

HomeMatic	Wireless dimmer, 1 channel for switch adapter	HM-LC-Dim1TPBU-FM
	Wireless leading phase angle dimmer 1 channel flush mounted	HM-LC-Dim1T-FM
	Wireless trailing phase angle dimmer 1 channel adaptor plug	HM-LC-Dim1L-CV
	Wireless switch adaptor plug	HM-LC-Sw1-PI
	Wireless switch actuator, 1 channel for switch adapter	HM-LC-Sw1PBU-FM
	Wireless switch actuator 1 channel flush mounted	HM-LC-Ss1-FM
	Wireless switch actuator 2 channels, flush mounted	HM-LC-Sw2-FM
	Wireless leading phase dimmer 1 channel suspended ceiling fitting	HM-LC-Dim1T-CV
	Wireless switch actuator single, surface mounted fitting	HM-LC-Sw1-SM
	Wireless switch actuator quadruple, surface mounted fitting	HM-LC-Sw4-SM
	Wireless dimmer actuator double, trailing phase angle, surface mounted fitting	HM-LC-Dim2L-SM
	Wireless dimmer actuator double, trailing phase angle, surface mounted fitting	HM-LC-Dim2T-

ENERGY CONTROL & USAGE MONITORING

ELV	Wireless switchable socket for energy cost monitoring	PCA301
------------	---	--------

WEATHER & ROOM CLIMATE (temperature/humidity)

Internorm	I-tec ventilator IV40	I-tec
HomeMatic	Wireless temperature/humidity sensor, outside	HM-WDS10-TH-O
	Wireless temperature sensor with cable	HM-WDS30-T-O
	Wireless combi sensor OC 3, weather station	HM-WDS100-C6-O
	Wireless temperature/humidity sensor, inside	HM-WDS40-TH-I

WARNING DEVICE (fire/water/gas)

HomeMatic	Wireless smoke alarm	HM-Sec-SD
	Wireless water alarm	HM-Sec-WDS-2

SECURITY & MONITORING

HomeMatic	Window turn handle contact	HM-Sec-HRS
	Door/window contact	HM-Sec-SC

Disclaimer:

Internorm is continually checking and updating the contents of this compatibility list. Despite all due diligence, there is a possibility that data and functionality of manufacturers as well as individual wireless components which are stated as compatible have changed in the mean time. Furthermore, Internorm cannot check every single wireless component which is listed here as being compatible, but has to derive the compatibility partly through spot checks within a product series. For this reason, there is no liability or warranty for up-to-dateness, correctness and completeness of the provided information.
